

Moldstat™ Step 1 Stain Cleaner is a concentrated cleaner, specially designed to cling to any vertical or horizontal surface.

It removes soils and stains caused by mold and mildew and provides a color-safe bleaching action while leaving a pleasant fragrance.

DIRECTIONS FOR USE

DO NOT MIX WITH ANY OTHER CHEMICALS

Always test on an inconspicuous area prior to use. Read entire label prior to use. **Dilute product 1:1 ratio with water and follow the applicable directions below.**

GENERAL USE: Apply diluted product with a clean cloth, sponge or mop on mold and mildew stains. Allow product to remain on treated area for 3 - 5 minutes, then wipe with clean cloth, sponge or mop, rinse with water. For heavily contaminated areas, light scrubbing may be required.

Next, treat with **Moldstat™ Step 2 Mold & Mildew Disinfectant** (an EPA registered product) to remove and inhibit mold and mildew. Then, apply **Moldstat™ Step 3 Mold & Mildew Protector** (an EPA registered product) to provide an invisible barrier of protection against mold and mildew.

RESTROOMS & SHOWERS: For porcelain, fiberglass and stainless steel bathroom fixtures (toilets, urinals, sinks, tubs, etc.). Apply diluted product directly on surface and rub with sponge or cloth. Rinse with clean water and allow to air dry or wipe dry with a clean cloth.

TILE & GROUT: DO NOT USE ON: Sealed marble or other natural stone surfaces. Spray product on surface of tile and grout. Allow a few minutes of dwell time on heavily soiled surfaces. Agitate with nylon brush to remove heavy soil deposits. Rinse with water to remove solution.

CLEANS AND BRIGHTENS WITHOUT HARMING SURFACES

MOLDSTAT™

COMMERCIAL

STEP 1

CLEANS STAINS CAUSED BY MOLD & MILDEW CLEANER

- Concentrated.
- Cleans and removes stains caused by mold and mildew from most surfaces.
- Color safe, bleach-free formula.
- Oxygen cleaning power that deodorizes as it cleans.
- Clings to virtually all vertical surfaces.
- Environmentally friendly, zero VOC low odor formula.
- Non-toxic, biodegradable.

WARNING
Causes serious eye irritation.
KEEP OUT OF REACH OF CHILDREN
See side panels for additional precautionary and first aid statements.

Net Contents:
16 oz

CARPETS & UPHOLSTERY: DO NOT USE ON: leather or silk. Before cleaning, always test for colorfastness in an inconspicuous area. Spray soiled area and allow to penetrate stain for 3-5 minutes. Blot with a clean, damp, colorfast cloth. Rinse cloth and repeat until clean. For carpets, vacuum once dry.

FOR LARGE AREAS SUCH AS: Concrete, floors, roofs, fences, decks or exterior building walls, apply liberally and let product dwell for 5-10 minutes. Scrub heavily contaminated areas, then rinse with water.

Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection.

Dispose of contents and container in accordance with local, regional, national and international regulations.

FIRST AID

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

IF ON SKIN: Rinse with warm water. If skin irritation continues, consult a doctor.

IF SWALLOWED: Rinse out mouth and then drink plenty of water. Do not induce vomiting; call for medical help immediately.

IF INHALED: Supply fresh air. If required, provide artificial respiration. Consult doctor if symptoms persist.
